PROFESSIONAL SUMMARY

International Business & Economics student (GPA 3.9) with hands-on experience across business controlling, sales, and operations in international environments (Italy, US, remote). Strong analytical foundation in Excel and Power BI, comfortable working cross-functionally and adapting quickly to new business contexts. Seeking business development / growth-focused roles where I can work closely with founders and decision-makers.

EDUCATION

Saint Louis University — Richard A. Chaifetz School of Business

Bachelor of Science, International Business & Economics — GPA: 3.9 / 4.0

EXPERIENCE

Mitsubishi Electric Europe B.V. | Italy

June 2026 – Present

Business Controlling Intern

- Prepared management reports and tracked KPIs to support monthly business controlling and planning cycles.
- Analyzed sales, cost, and operational data in Excel and Power BI to surface trends for leadership review.
- Partnered with finance, sales, and operations teams during budgeting and reporting processes.

Zero Gravity Solutions | San Diego, CA

Summer 2025

Operations Assistant

- Compiled tonnage reports and managed state registration filings to ensure operational compliance.
- Streamlined Excel-based reporting processes, improving data accuracy for senior management.
- Liaised daily with senior staff to support operations and resolve issues in real time.

DSM Masonry | Remote

Summer 2024

Tax and Payroll Assistant

- Processed payroll and organized financial records to support accurate, timely tax preparation.
- Assisted with compliance documentation ahead of filing deadlines.

With You S.r.l. | Milan, Italy

Jan 2024 – Jun 2024
